

Microsoft 365 - Do More With Less Workshop

Pressures from the evolving global economy are requiring organisations to reduce costs and optimise operations as they continue to shift to a world of hybrid work.

For this reason, Microsoft are empowering customers to Do More With Less, by maximising the impact of Microsoft 365 solutions while simplifying licensing, management, and vendor landscapes. To help you achieve this advantage, we are running complimentary workshops which will help you identify these cost savings, while also realising additional value from your Microsoft solutions.

The Do More With Less Workshop focuses on:

- 1 Eliminate redundant solutions**
Consolidating vendors can cascade cost savings throughout your organisation. Our workshop will help you identify capabilities in Microsoft 365 that could optimise operations, improve business agility, and empower secure collaboration while enabling the full potential of hybrid work.
- 2 Zero Trust foundations**
With a single integrated solution, you can secure and manage identities, and defend against threats on multiple platforms while protecting information across your data estate. A simplified IT environment with M365 automates tasks and frees IT admins to focus on higher-value activities.
- 3 Simplified endpoint management**
Use powerful tools in Microsoft 365 to improve support and reduce incidents, while empowering IT to deploy any endpoint from the cloud and deliver the best experience for users and support professionals with Windows 11.
- 4 Productivity and collaboration**
Enable employees to be connected and productive from anywhere, at any time. M365 provides new, efficient patterns of work so employees can thrive in a hybrid environment. Learn how to harness the power of this unified system to keep your workforce engaged in today's tremendously changed world of work.

Why Advanced?

Advanced's credentials are second to none. We provide mission-critical services and support that helps our customers focus on their core activity while accelerating and transforming digitally. As a longstanding Microsoft Partner with Modern Work & Infrastructure (Azure) designations, you can lean on our expertise to create an empowering roadmap, unlocking the capacity and flexibility to take your business into a stronger future.
