

Blackpool and Flyde College

Can you explain your role at Blackpool and Flyde College

I work as the College English and Mathematics Manager at the College. My duties include managing Functional Skills across the organisation.

We have used bksb for many years as it supports our whole organisational approach to English and Maths. It helped us achieve 'outstanding' in our last Ofsted inspection.

How do you use bksb with your learners?

Initial assessments and diagnostic assessments to inform learning plans, bksb ILP to support individual and personalised learning packages, in class LTA, out of class LTA, student independent study and distance learning.

What impact has it had on your learners?

Overall our Functional Skills success rates are high. A significant number of students are

successful in progressing to a second level and successfully completing this second level in year.

Would you recommend bksb to other providers?

Yes. We have used bksb for many years as it supports our whole organisational approach to English and Maths and it helped us achieve 'outstanding' in our last Ofsted inspection.
