The powerful benefits of moving to
Carpe Diem in the Cloud

Advanced aims to support your firm in exploring the benefits of graduating your time recording to Carpe Diem in the Cloud. It's a modern, performant, reliable and extensible Cloud platform and there has never been a better time to make the transition.

Carpe Diem in the Cloud will benefit all users, throughout every department of your firm, as it delivers ease-of-use, enhanced profitability and improved client relationships. The summaries below outline the advantages to your key stakeholders.

Product >
Carpe Diem in the Cloud

Date > 2021

Lawyers

> Gain easy access, fast time capture, collaboration and measureable results

> Access time recording anytime, anywhere, with a smooth user experience

BENEFIT	FEATURE	Carpe Diem Time	CDWeb Pre-V7.4	Carpe Diem in the Cloud
Record time from any location, at any time	A fully responsive web-based platform that provides a tailored user experience on any device	✘	✔	✔
The Carpe Diem Mobile app	Our feature-rich, native mobile app for Apple and Android offers a modern user interface, biometric sign-on and ease-of-use that drives engagement	✘	✘	✔
Capture time from within other applications	Firms can choose to host Carpe Diem within other applications, such as NetDocuments	✘	✘	✔
Fast time recording	Intelligent Time uses natural language processing to convert sentences (whether typed, written or dictated) into a time entry	✘	⚙	✔
Passive time capture	TimeFinder collects activities from a user's electronic footprint and suggests them as potential time to be captured, with client / matter associations	✘	✔	✔
SmarTimers are always in view	A persistent timekeeping companion in a convenient dockable sidebar	✔	⚙	✔

Legal Assistants

> High volume of accurate time entries processed at pace

> Rapid time entry, with bulit-in intelligence tools to do the heavy lifting

BENEFIT	FEATURE	Carpe Diem Time	CDWeb Pre-V7.4	Carpe Diem in the Cloud
Upload time entries in bulk quickly and accurately . . .	Import time records to pre-formatted Excel templates	✘	✘	✔
. . . even from multiple lawyers	Use TimePad, which is part of Intelligent Time, to paste time entries from numerous lawyers. Natural language processing will create detailed, accurate time entries for each person, with the correct dates.	✘	⚙	✔

Billing Departments

> Address the growing prevalence of Outside Counsel Guidelines

> Maxmise realisation rates and reduce the cost of non-compliance

BENEFIT	FEATURE	Carpe Diem Time	CDWeb Pre-V7.4	Carpe Diem in the Cloud
Ensure high capture and revenue levels, while enforcing compliance	Separate capture and compliance to maximise value of each element and ensure you have a compliant time entry at the billing stage	✔	✔	✔
Make lawyers aware of Outside Counsel Guidelines as they make time entries	Imbedded links to OCG documents and billing rules relating to the client or matter for which time is being entered	⚙	✔	✔
Validate against billing rules/budgets	A sophisticated billing engine can validate against rules, from within Carpe Diem or hosted third party applications	⚙	✔	✔

✔ Included   ✘ Not Included   ⚙ Dependent on version   ⬇ Reduced   🏠 Not applicable if hosted on-premises

Practice Group Leaders

> Visibility of time keeping performance within their team

> Undertanding their team workload, utilization and availability
